

UNITY ASSET PACKAGE

Low Poly Medieval Starter Pack

A cute, cohesive low-poly collection of medieval buildings, props, weapons, ruins, and environment assets.

20	15	4	0
UNIQUE ASSETS	MODELS WITH LODS	LOD LEVELS	TEXTURE MAPS

Overview

Low Poly Medieval Starter Pack features 20 stylized 3D assets designed for charming medieval and fantasy game environments. The collection combines houses, castle structures, ruins, rocks, village props, and weapons in one consistent visual style.

Every model uses textureless flat-color materials with a warm, handcrafted look. The assets are easy to combine, recolor, and customize without relying on external image textures.

Recommended Uses

Suitable for RPG, strategy, adventure, simulation, and mobile projects. The assets can be used to build medieval villages, fantasy castle courtyards, ruined settlements, and rural countryside scenes.

DOCUMENTATION

Package Features

- 20 stylized low-poly models
- 15 models with four LOD levels
- Mobile-friendly geometry
- Consistent visual style
- No external textures required
- Medieval village and castle assets
- Textureless flat-color materials
- Easy to recolor and customize
- Prefab-ready assets
- Built-in and URP compatible

Technical Details

GEOMETRY	
Number of unique 3D assets	20
Total triangle count	54,922 triangles (LOD0)
Average triangle count	Approximately 2,746 triangles per asset (LOD0)
Triangle count range	282-9,254 triangles per asset (LOD0)
LODs	Yes - 15 models include LOD0, LOD1, LOD2, and LOD3
Animations	Not included
Rigged models	No
TEXTURES AND MATERIALS	
Texture maps	None
Texture dimensions	Not applicable
UV mapping	Not required for the included textureless materials
Material type	Textureless flat-color materials
External textures	Not required
Included texture map types	None
ASSET SETUP	
Prefabs included	Yes
Number of prefabs	20
Model format	FBX
Recommended scale	1 Unity Unit = 1 meter

Included Assets

Triangle counts below refer to the highest-detail LOD0 mesh. Models marked LOD0-LOD3 include four prepared LOD levels in their prefab. A dash indicates that the model is supplied without additional LOD meshes.

MODEL	LOD0 TRIANGLES	LOD SUPPORT
CastleTower	4,338	LOD0-LOD3
CastleWall	5,618	LOD0-LOD3
HayBale	820	LOD0-LOD3
MedievalAxe	1,076	-
MedievalHouse	3,710	LOD0-LOD3
MedievalShield	946	-
MedievalSword	682	-
MossyBoulder	838	LOD0-LOD3
RockCluster	472	LOD0-LOD3
RuinedArchway	2,374	LOD0-LOD3
RuinedWall	2,330	LOD0-LOD3
SmallMedievalHouse	5,876	LOD0-LOD3
SmallRock	282	LOD0-LOD3
StoneWall	2,022	LOD0-LOD3
TwoStoryMedievalHouse	9,254	LOD0-LOD3
TwoStoryMedievalHouse_2	4,388	LOD0-LOD3
WoodenBarrel	4,542	LOD0-LOD3
WoodenCrate	2,594	LOD0-LOD3
WoodenFence	1,084	-
WoodenGate_Main	1,676	-

LOD summary: 15 models include four levels (LOD0, LOD1, LOD2, LOD3). MedievalAxe, MedievalShield, MedievalSword, WoodenFence, and WoodenGate_Main do not include additional LOD meshes.

Setup and Compatibility

Render Pipeline Compatibility

Built-in Render Pipeline	Compatible
Universal Render Pipeline (URP)	Compatible
High Definition Render Pipeline (HDRP)	Materials require conversion

Materials

All included models use textureless flat-color materials. No albedo, normal, metallic, roughness, ambient occlusion, emission, or other image texture maps are included. Materials can be recolored directly in Unity to create custom variations.

Prefabs and Scale

The package includes 20 ready-to-use prefabs. Models use the recommended scale of 1 Unity Unit = 1 meter. Prefabs for models with LODs are prepared with their LOD0, LOD1, LOD2, and LOD3 meshes.

LOD Information

LOD0 is the highest-detail version and is the basis for every triangle count listed in this document. The lower-detail LOD1, LOD2, and LOD3 meshes are intended to reduce geometry cost as models occupy less screen space.

Asset Creation Note

AI-generated images and models were used solely as references. All final models were manually remeshed and refined by hand.

Thank you for using Low Poly Medieval Starter Pack. We hope these assets help you build warm, readable, and memorable medieval environments.
